What this Notice is About:

The Clark Regional Wastewater District will be replacing its sanitary sewer along Highway 99, between NE 63rd Street and NE 78th Street. The existing sewer is located along the eastern side of the road and is in poor condition. The District wants to complete this work before Clark County begins its planned pedestrian, bicycle, landscaping and pavement improvements along this section of Highway 99 in 2016 and 2017. The purpose of this notice is to introduce you to the project and tell you how to stay informed.

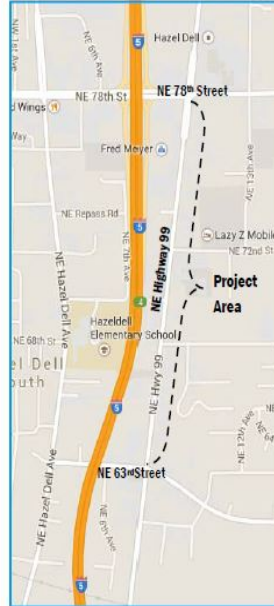

What this Means to You:

Traffic may be delayed at various times along Highway 99. Vehicular access will be maintained to each business during its regular business hours. Construction is planned to begin in May 2016 and to be completed by September 2016.

What You Can Do to Stay Informed:

To get on the mailing list to receive news and event notices, contact:

Adam Crafts, Wallis Engineering
EMAIL: adam.crafts@walliseng.net
